**Compliance with requirements related to "Conflict Minerals" reporting**

In July 2010, President Barack Obama signed into law the Wall Street Reform and Consumer Protection Act, also known as the Dodd-Frank Act. Although the focus on the Act is financial market regulation reform, it also imposes new regulations regarding "Conflict Minerals". On August 22, 2012, the Securities and Exchange Commission (SEC), adopted final rules implementing the "Conflict Minerals" disclosure requirements in section 1502 of the Dodd-Frank Act, passed by Congress in 2010.

Nu-Tech.us a products division of Cross Technology Inc. supports taking responsible steps to ensure that the products we receive from our supply chain are responsibly sourced. Furthermore, Nu-Tech.us supports efforts to increase transparency in the supply chain and regulations that ensure companies conduct business with integrity, respect and to the highest ethical standards.

Nu-Tech.us has verified with it's suppliers and does not use or intend to utilize any of the conflict minerals (defined as tantalum, tin, gold or tungsten) in their products or any minerals knowingly originating in the Democratic Republic of the Congo or surrounding countries.
