To Whom It May Concern:

Nu-Tech.us shrinking products by Cross Technology Inc.

Product Shelf Life, complies with Mil-Spec I-81765/1A

This document certifies that Nu-Tech.us products are manufactured in accordance with Military Specification MIL-I-81765/1A, better known as Mil-Spec I-81765/1A, with regards to section 3.5 Storage Life to include product 3.5.1 shelf life, 3.5.2 shelf life extension and 4.6.9 Extension of shelf life expiration date. The reader is also referred to this military specification directive for the specific definitions and extents of these values.

Shelf Life (as supplied): Nu-Tech certifies that our molded components, after storage at a temperature of 18-35 degrees Celsius for a period of four years, shall conform to the dimensional requirements specified herein as required by Mil-Spec I-81765/1A.

Extension of Shelf Life: The expiration date may be extended by period of time equal to fifty percent (50%) of the original shelf life if the dimensions are still within specification limits when tested as specified in 4.6.9 of Mil-Spec I-81765/1A.

Extension of Shelf Life Expiration Date: The dimensions of three representative molded components shall be measured "as is" and "after shrinkage" according to the specification sheet for the molded component under examination. Provided the dimensions are within limits, the shelf life expiration date may be extended as mentioned in 3.5.2 of Mil-Spec I-81765/1A.

The information provided in this document and disclosure is correct to the best of Cross Technology Incorporated's knowledge, information and belief at the date of its release. The information provided is designed only as a general guide for the safe handling, storage, and any other operation of the product itself or the one that it will become part of. The intent of this document is not to be considered a warranty or quality specification. Regulatory information is for guidance purposes only. Product users are responsible for determining the applicability of legislation and the regulations based on their individual usage of the product.
